HEALTHCARE SIMULATION WEEK

by organizing a

**3-Days Skill and
Simulation Workshop on**

**Enhancing clinical Competencies
of Nursing Students**

 **15th to 17th September 2025**

 **09:00 AM Onwards**

 **4th Floor NRSC, C-Block**

About SGT University

Shree Guru Gobind Singh Tricentenary University, Gurugram, is one of the best private universities in Delhi NCR. It is located at Chandu-Budhera on the outskirts of Gurugram, Haryana. The University was established under the Haryana Private Universities (Amendment) Act No. 8, 2013. The University is part of the Dashmesh Educational Charitable Trust, founded in 1999. Presently, SGT University has 18 faculties and offers around 160+ courses featuring a wide selection of undergraduate, postgraduate, and PhD courses. The University also has a dedicated multi-specialty, SGT Hospital with NABL & NABH accreditation. The hospital serves the local communities around the university and provides practical exposure to medical course students. SGT has received several awards including the Diamond rating from the QS-IGAUGE rankin. The University boasts of having Asia's one and only National Reference Simulation Centre for Nursing & Medical Sciences, established in association with Jhpiego, Laerdal Medical India.

About NRSC

The National Reference Simulation Centre (NRSC) was established in October 2018 by the tetrapartite collaboration between INC, Jhpiego, Laerdal, and SGT University with the vision of implementing inter-professional education in a state-of-the-art simulation center through simulation-based training. NRSC is intended to train all health care professionals with increasing complexities of individual skills, decision making and case management through simulation based education.

About workshop

This comprehensive three-day Workshop is meticulously crafted to enhance the Competencies Critical thinking, Decision making skills, Clinical judgment, communication skills and team dynamics to boost confidence of the students to manage real life scenario.

What it Includes

Skill and Simulation Sessions

MEDICAL SURGICAL NURSING

IV Cannulization and
IV Injection

Interpretation

Defibrillation

ECG

Primary &
Secondary Survey

BLs & AED

Ventilation

Chest X-ray
Interpretation

Care Bundles

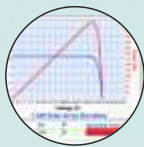

ET Intubation

Practice and
Simulation Scenario

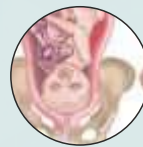

OBSTETRICS AND GYNCOLOGICAL NURSING

PV+AP

NVD+AMTSL

Breech Delivery

IUCD

PPIUCD

Shoulder Dystocia

Pre eclampsia & Eclampsia

PPH & Hypovolemic shock

ENBC+NBR

ET Intubation in newborn

KMC +Breastfeeding

Practice and
Simulation session

Who are the trainers:

Our esteemed trainers have extensive experience in advanced clinical practice, research, and education including areas such as evidence-based medicine, high-fidelity simulation, and patient-centered care. Their deep understanding of complex medical terminology and cutting-edge treatment methodologies ensures that participants will gain valuable insights into the latest advancements and best practices with their guidance, attendees will enhance their clinical skills and knowledge, driving excellence in health care delivery.
